

Special Education Advocacy

About The Program

CTS4K's very own Operations Manager, Kayla Mendonca, is a licensed special education and math teacher in three states: Massachusetts, North Carolina, and South Carolina. She is also a licensed school principal in both North and South Carolina with 11 years of experience in the education field. She has taught, case managed, and served as an administrator in various school districts and school types. She is trained in special education law and is here to serve clients who seek support in making sure a child's special needs are met at school. Her work as a Special Education Advocate helps parents understand available services, interpret test results, the special education evaluation process in schools, the services and supports listed on a child's individualized education plan, and work with schools to establish appropriate goals and accommodations necessary for the child's success.
